

HSDe – High-Speed Data Ethernet

Perfectly Assembled Cables – Our USPs

- › Automated production line with transfer technology and process monitoring
- › Compliance with the smallest processing tolerances
- › Globally standardized machinery
- › Cable cross-section 0.35 mm²

Your Advantages

- › Robust data transmission with LVDS principle
- › Less mating processes due to a unit chamber concept and different housings
- › Small installation space with a robust design
- › 180° variants: 7 codings + waterproof;
- › angled variants: only as door connector (without housing)

Technical Information

Electrical

Return loss	≥ 25 dB, DC up to 100 MHz
	≥ 15 dB, 100 MHz up to 500 MHz
	≥ 10 dB, 500 MHz up to 1 GHz

Mechanical

Keying efficiency	≥ 80 N
Engagement force	≤ 30 N
Retention force latch	≥ 110 N
Mating cycles	≥ 25

Environmental

Temperature range	-40 °C up to +105 °C
Qualification according to	LV 214 / USCAR

Specification according to Rosenberger datasheet

Requirements

2 data pairs for bi-directional data transmission or simultaneous voltage and data supply in a compact design for frequencies up to 1 GHz

Applications

- › Cameras
- › ADS / ADAS
- › Displays
- › ECU network connection

Protocols & Signals

- › Automotive Ethernet
- › Broad-R-Reach

MD in a Nutshell

The C.A.S.E. megatrend describes the four essential future topics for the automotive industry: Connected, Autonomous, Shared & Service and Electric. Data plays a central role and drives the future of the automotive industry. Data is generated, transferred, merged and evaluated. We are experts in the transmission of the rapidly increasing data volumes and have developed the latest technological solutions for this future topic.

25

years experience
in the automotive industry

100 %

automotive

Supplier of products for
over 350 car models from
more than 60 OEMs

Volume supplier – over
160 million products in more than
20,000 variants annually

Global production- &
sales network in NAFTA,
Europe and APAC

Stable
ownership structure

Worldwide leading
company for data transmission
solutions in vehicles

Approx. 5,000 employees
worldwide

Accredited in-house
test laboratory

Do you have any questions or need a data transmission solution in vehicles?
