

BEAMnet

Our USPs

- › Semi-automated production line with modular transfer technology and process monitoring
- › Compliance with the smallest processing tolerances
- › Handling of various cable variants (STP)
- › Globally standardized machinery and processes
- › Customer-specific solutions possible

Your Advantages

- › High frequency range and high data rates
- › Less mating processes due to a modular package concept
- › Semi-automated assembly with process monitoring
- › Small but robust design
- › Save up to 30 % of installation space

Technical Information

Electrical	
Return loss	≥ 25 dB, 1 MHz up to 1,5 GHz
	≥ 20 dB, 1,5 GHz up to 4 GHz
	≥ 15 dB, 4 GHz up to 7 GHz

Mechanical	
Engagement force	≤ 15 N (without housing)
Retention force latch	≥ 110 N
Mating cycles	≥ 10

Environmental	
Temperature range	-40 °C up to +105 °C (depending on cable)

Qualification according to	DIN EN 60068-2
----------------------------	----------------

Specification according to TE datasheet

Requirements

Combination of high-performance data transmission up to 15 GHz and up to 25 Gbps and a small and robust design

Applications

4K camera systems	Autonomous driving
4K high-resolution displays	Rear seat entertainment
Driver assistance systems	USB

Protocols & Signals

LVDS	GVIF
FPD-Link	PCIe
GMSL	MIPI A-PHY
USB 3.2	

Cable Assembler

with 50 years of experience

Flexible Volume Supplier

More than 180 million products in over 20,000 variants every year and more than 450 car models from over 90 OEMs

Automotive Supplier

for more than 30 years

Independent, integrated technology leader

with an in-house mechanical engineering department for production equipment

Leading Global Specialist

for data transmission solutions in vehicles

Globally Accredited Test Laboratories

as a quality factor for standard-compliant methodology and reliable evaluations

Over 5,000 employees

worldwide with a global manufacturing and distribution network

Foundation Company

with a clear focus on the sustainable preservation of the company, constant innovation and secure jobs
